The Office of Court Administration is looking for a Network Specialist who's up for an IT challenge!

A good candidate for this position will have these minimum qualifications:

An associate's degree from an accredited college or technical institute including course work in computer science or a related area

OR

two years of full-time experience in PC support

PLUS

Three years of full time experience in PC support including Windows operating systems and Microsoft applications

AND

Two years of full time experience in Windows server administration including:

File server

Active Directory

Exchange administration

Network printer administration

An exceptional candidate will have these preferred qualifications:

Experience administering Office365

Experience using PowerShell

Experience working in a judicial environment, working with judges and court staff

Experience in coordinating/using vendor provided support

Experience in keeping IT environment up with latest IT industry standards and innovation

Here's what you'll do if selected:

- Maintain the operating system and security software utilized on the network, including the addition of new users to the network the establishing rights.
- Provide excellent customer service at all times, recognizing the importance of our end-users needs to get their jobs done. This includes appropriate escalation to management, proactive communication to end users and management as appropriate, and usage of the ticketing system.
- Suggest innovations and improvements to OCA ITM Tier III staff and IS management that operate the OCA environment in a simple, efficient and clear manner.
- Ensure all equipment (network, server, workstations) are appropriately upgraded, patched and secured in accordance with IS policies.
- Collaborate with the IS team on implementation, operation and maintenance of OCA supported servers.

- Collaborate with the IS team on implementation, operation and maintenance of OCA supported workstations. This includes (but is not limited to):
 - Installing/deploying hardware and software
 - Testing of new equipment and software for compatibility
 - Provisioning of user, groups, system/equipment and application accounts using Active Directory and Microsoft Exchange.
 - Using applications to construct, test and deploy packages to OCA supported desktops
 - Researching and recommending new workstations for use in the environment
 - Troubleshooting Tier II support issues in a customer service oriented environment
- Perform related work as assigned and complies with all OCA policies.

Here's a summary of the job:

Provides complex (journey-level) and timely Tier II network, server, and desktop support for customers within Office of Court Administration (OCA), the appellate courts, and other judicial entities supported by OCA. Acts as the escalation point for the Service Desk and performs triaging activities to determine if request can be resolved at Service Desk, Tier II or Tier III. Guides Service Desk through Tier I trouble shooting steps, responds to Tier II requests and escalates requests to Tier III support as appropriate. Mentors Service Desk staff on technical matters. Implements, maintains, and monitors various hardware and software packages supported by OCA. Recommends updates to standard operating procedures and standard system/service configurations. Works with the Information Services team to proactively notify, escalate, and recommend solutions to problems for management approval. Follows policies and standard operating procedures. Works under general supervision with moderate latitude for the use of independent initiative and good judgment.

Here are the employment conditions:

- Background check required
- Operate motor vehicle
- Sit for long periods of time
- Operate office equipment and computer systems
- May require lifting up to 40 lbs
